

Ishida IL-2000SA

Compact Labeler with Color Touchscreen

This compact label printer with ultra fast printing speed and front-loading label cassette will increase productivity. The color touchscreen streamlines operation, and its compact size optimizes workspace.

The IL-2000SA prints all legally required ingredient and nutritional information, and supports multiple label formats. Networking capabilities help provide consistent and accurate labeling.

A full-color touchscreen, sleek design, and custom label features make the IL-2000SA ideal for versatile labeling needs.

Label batching feature increases productivity by accumulating and printing multiple labels for multiple items.
